## A&O Hamburg Hammer Kirche

Would you like to experience Hamburg's flair in a quieter setting? Then our small A&O City Hotel on Hammer Landstraße is ideal for you. Despite its quiet location, it is near the underground railway, which means that the inner city is only a few minutes away. By car and bus, motorway access to the A1 and A7, the Horner Kreisel to the A24 and the city centre are all quite easy to reach. Your accommodation will be in pleasantly furnished single, double or family rooms.

All the rooms are equipped with shower/WC, hairdryer and television. Car parking can be found in the underground car park next door. Internet access is available from terminals in the lobby or via WiFi throughout the hotel.

Would you like a tour of the city or the port of Hamburg, are you longing to experience Hamburg's night life on the Reeperbahn or go to a musical? Our friendly staff speak several languages and are very happy to help you plan your stay in Hamburg. For your convenience, many tickets are available at reception.

After returning to the hotel, what could be better than a nightcap in the lobby bar – open 24 hours a day. Some of your fellow guests are sure to help you toast a successful evening. Make it a stay to remember!
