## A&O Nürnberg Hauptbahnhof

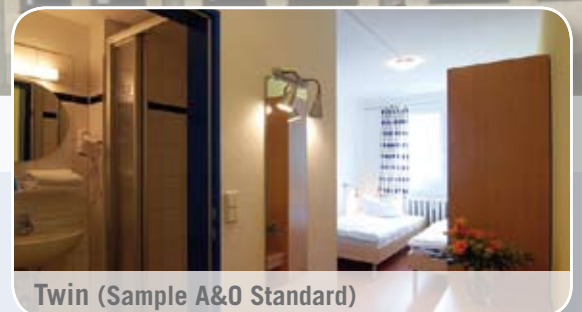

In spring 2011 we will be opening our first hotel/hostel in Nuremberg. The A&O Nürnberg Hauptbahnhof will provide ca. 500 beds in hostel and hotel; a top address for price-conscious city tourists, amateur historians, visitors to the Christkindl market, school groups and indeed, all our other guests here in Nuremberg.

The completely refurbished building is located only a few metres away from Nuremberg's main station and will offer you a choice between the classic single, double and family rooms in the hotel area and multiple-bed rooms in the hostel section. But whether hotel or hostel: shower/WC and television are now part of the A&O standard in all rooms.

The A&O Nuremberg will also be an attractive place to stay for groups: seminar and conference rooms are being created as well as a "teachers' lounge", the already popular opportunity for group leaders and teachers to relax and work in peace. No one will find too much time on their hands, as Nuremberg offers innumerable many sights including more than 30 museums with contemporary exhibitions. Among the highlights are surely the Germanisches Nationalmuseum, Albrecht Dürer's House, and the Documentation Centre Nazi Party Rally Grounds.

The delightful mediaeval city is characterised by Nuremberg's landmark, the majestic Kaiserburg. The picture is completed by romantic timber-framed houses, a 5-kilometre-long city wall dating from the 15th/16th centuries, and the market square – Hauptmarkt -, where you will find the famous Church of Our Lady and the fountain "Schöner Brunnen". In December it will be cosy as well as romantic, for it is then that Nuremberg plays host to the world-famous Christkindl market.

We look forward to seeing you in Nuremberg very soon!
