# Important information!

## **Environmental zone in Munich from October 1st, 2007**

From 2007 environmental zones will be installed in German cities. Munich will start in October 2007. Aim will be to reduce particulate emissions caused by vehicles in the city centres. Driving in the centres will only be allowed for vehicles having a “Particulate Emission Certification”. This regulation will be valid for all vehicles except motorcycles.

Certifications will be issued via TUEV, DEKRA, etc.
